ABOUT

I am an international student from Thailand pursuing a Bachelor of Science in Mechanical Engineering at Virginia Military Institute. My academic interests include engineering, artificial intelligence, and mathematics, with a focus on applying these fields to complex problems. I plan to continue my studies in graduate school to advance my research in these areas.

EXPERIENCE

Peer Tutor, Virginia Military Institute — Lexington, VA (Feb 2025 – Present)

Provide one-on-one and group tutoring sessions to help cadets strengthen their understanding of math, physics, and chemistry.

Cadet Assistant – Math Tutor, Virginia Military Institute — Lexington, VA (Aug 2024 – Present)

Provide personalized support to students across various mathematics topics, fostering critical thinking and problem-solving skills.

Student Assistant, University of Colorado Boulder — Boulder, CO (Aug 2022 – Dec 2022)

Supported administrative tasks and provided customer service in an academic setting, developing leadership and teamwork skills.

EDUCATION

Virginia Military Institute, Lexington, VA
